Let's Remember

Notice that animals, including humans, have offspring which grow into adults

Rielly Explore Science

Cycle A

Summer Term 2

I Need to Know...

Describe the changes as humans develop to old age.

Let's Explore

Research what animals live the longest and shortest.

With these skills you could be a...

Youth worker – Youth workers work directly with children and young people, helping them to build life skills, develop healthy relationships and make decisions that are right for them. Youth workers are often involved in projects and activities such as sport and performing arts.
